HYBRID COLUMBINE

CRIMSON CARNATION

FERN-LEAF BLEEDING HEART

Henry Field's "Green Thumb" Collection of HARDY PERENNIALS

All 4 for only **\$1.00**
No. B3325XK PPD.

We call this our "Green Thumb" collection because it is made up of hardy, easy-to-grow perennials that thrive anywhere for anyone and live for years and years. And they get more beautiful each year. All of these plants list in our catalog for 45c or more apiece:

- 1 MRS. SCOTT ELLIOTT HYBRID COLUMBINE. Beautiful color, long spurs, and large flowers.
- 1 HARDY CRIMSON CARNATION. Large, double carnation flowers throughout the summer. Delightfully fragrant. Long stems for cutting. Easy to grow outdoors in your garden.
- 1 FERN-LEAF BLEEDING HEART. Has "fern" leaves of light green color. Pink, heart-shaped flowers hang gracefully along the stems. Blooms all summer. Grows 12 to 15" high.
- 1 DEEP BLUE DELPHINIUM (Hardy Larkspur). Long spikes of beautiful, midnight-blue flowers. Grows and blooms year after year with little care.

DEEP BLUE DELPHINIUM

Grow LEMONS Indoors!

Beautiful House Plants...Fragrant Blossoms...Edible Fruit... Easy to Grow in Pots

N1131K—DWARF LEMON PLANT. Growing lemons indoors is very popular because lemon plants are as easy to grow indoors as a geranium. Makes a plant 2 feet high and lives for years. Always has lemons on it in some stage of development, and produces fruit with exactly the same flavor as ordinary lemons, but much larger; they actually weigh from 1 to 3 pounds apiece. A plant as well as highly ornamental plant. Good conversation piece too.

N1133K—DWARF TANGERINE PLANT. This is a real tangerine, only a dwarf variety that you can grow as a pot plant just as easily as any house plant. Beautiful, glossy green leaves, and brilliant orange-colored fruit that is good to eat. Blooms have fragrance of orange blossoms. Highly ornamental and fun to grow.

ALL 2-YEAR-OLD FIELD-GROWN PLANTS GUARANTEED TO BLOOM THIS YEAR

Frankly, we have a surplus of No. 2 Grade rose plants because, when we dig our rose plants to sell, most of them go into our Big No. 1 Select Grade, or the medium size No. 1 1/2 Grade, which we list in our catalog. But that leaves the smaller No. 2 plants out.

Our solution to this problem for several years has been to make this reduced price offer on these surplus No. 2's. The offer has proved so popular, and we have received many letters from our customers praising these roses, that we are repeating the offer again this year.

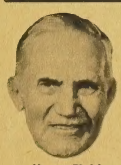

These No. 2's are of the same high quality varieties as the No. 1's. If they were only a little larger, they would be worth \$1.00 to \$1.25 apiece. They are healthy, husky and clean—no culls or damaged plants. They bloomed in our fields last year, and will bloom for you this year and, with a little care, will grow just as big and just as beautiful as any rose you can buy at any price.

These are our regular, well-known named varieties, but we ask that you allow us to ship by color, not name. This will allow us to sell all of them. We will see that you get a good color assortment. And of course every plant is covered by Henry Field's money-back guarantee.

This is a fine opportunity for you to pick up a real bargain not offered in our big catalog. So order plenty of these rose plants now. (No climbers included in this collection.)

RASPBERRIES

WHY DENY YOURSELF the pleasure of delicious raspberries just because they cost so much at the store? Grow your own—it's fun, it's easy, and it takes only a few square feet of space.

12 BLACK (6 CUMBERLAND) for only \$239

(6 MORRISON) No. A2595XK PPD.

A2042K—CUMBERLAND. The standard of all black raspberries. Strong, upright-growing, vigorous plants always loaded with berries. Berries large, firm, fine flavored. Good for home use or shipping. 12 for 2.39; 25 for 4.49; 100 for 14.25, postpaid.

A2050K—MORRISON. This new black raspberry has larger fruit than older strains, better quality, disease-free plants, bigger yields, and top quality berries. 12 for 2.49; 25 for 4.65; 100 for 15.98, ppd.

12 RED (6 INDIAN SUMMER) for only \$289

(6 GIANT LATHAM) No. A2615XK PPD.

A2075K—INDIAN SUMMER. Gives you not one, but two, big crops a year. Ripens early. Very high quality. Very hardy, and more disease resistant. It is the "new" better everbearer. 12 for 3.10; 25 for 5.98; 100 for 20.00, postpaid.

A2078K—GIANT LATHAM. Berries are large, dark red and firm. Pick easily and ship well. Extra hardy, and everbearing. A real money maker if you want to raise to sell. 12 for 2.98; 25 for 5.75; 100 for 19.50, postpaid.

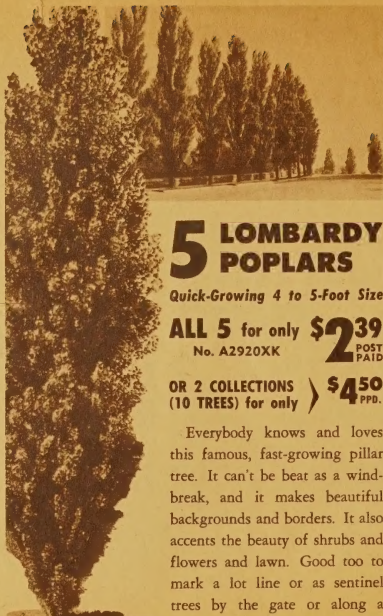

New Thornless BOYSENBERRY

6 PLANTS for \$145

PPD.

No. A2031K—Here is the popular Boysenberry in a variety that grows without thorns. Bears as well as the regular Boysenberry. Same high flavor and immense size fruit, but a whole lot easier to pick. Not reliably hardy from Mid-Iowa north. 6 for 1.49; 12 for 2.59; 25 for 4.49; 50 for 8.25; 100 for 15.89, ppd.

OR 2 COLLECTIONS (10 TREES) for only \$450 PPD.

Everybody knows and loves this famous, fast-growing pillar tree. It can't be beat as a wind-break, and it makes beautiful backgrounds and borders. It also accents the beauty of shrubs and flowers and lawn. Good too to mark a lot line or as sentinel trees by the gate or along a drive. These 10 trees will make a screen or a tall hedge 60 feet long—for only \$4.50!

REDDEST OF ALL MAPLES

"Crimson King" MAPLE 5 to 6 Ft. Size

Showiest Foliage of All Trees

for only \$459

This new French hybrid is not only the reddest of all maples but the most showy of all trees in foliage. In early spring, the young leaves are a brilliant, fiery crimson. They continue this bright color until well along into the summer when the upper side of the leaves deepens to a rich black-red tinted green, with underside of green. It never grows more than about 30 feet tall. Covered by Plant Patent No. 735.

HARD MAPLE

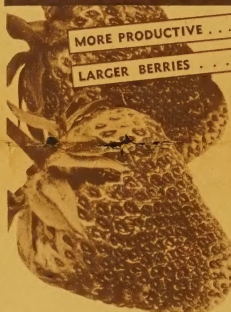

A4287K—(Sugar Maple). One of nature's most beautiful permanent trees. Grows compact, round-headed, and dense. Large green leaves turn bright red in fall. 4 to 5-foot size, 3.50 each; 2 for 6.50, express not prepaid.

"SURECROP"

A BRAND NEW Junebearer from U. S. Dept. of Agriculture, Beltsville, Md.

MORE PRODUCTIVE... LONGER BEARING
LARGER BERRIES... HIGHER QUALITY

You'll Like This New One

B4128K—(Indexed U.S.D.A. Virus-Free).

This new Junebearer is from the U. S.

Department of Agriculture at Beltsville,

Maryland. It has everything that both the home gardener and the commercial grower wants in an all-purpose strawberry.

The berries are deep red all the way through, and chock-full of delicious, honey-sweet goodness. The plants bear heavily during all of June, and the berries stay large and firm throughout the picking season. Surecrop is ideal for shipping, canning, or freezing.

If you want a *fairly* strawberry, one that you will relish because it is so good, plus a vigorous, disease-resistant plant that produces many runners—Surecrop is the one for you. 25 for 2.00; 50 for 3.50; 100 for 5.98; 500 for 24.98; 1,000 for 44.98, postpaid to your door.

P. S. The U.S.D.A. named it "Surecrop" because they felt you would be sure of getting a crop with it, year after year, than with any other Junebearer strawberry.

Get Loads of Fruit with Little Effort

Here are 5 grape vines in three of the best varieties—enough for a good grape arbor. Or grow them in a vineyard or on a fence. They're very easy to grow and take practically no care. And you get three colors—dark blue, black, and red.

CONCORD (Blue). The sure-yielding blue that's sweet and juicy. Most popular of all grapes. Extra hardy too.

FREDONIA (Black). A black grape that experts say is one of the coming leaders because of its high quality, earliness, and vigorous growth.

CACO (Red). A larger red grape with a better, sweeter flavor. Always loaded, even in hottest summers. Make fine jelly too.

NEW INTERLAKEN SEEDLESS. A cross of Calif. Thompson Seedless and Ontario. Medium-sized fruit has flavor superior to those sold in stores. Hardy to 15 below zero.

APPLE TREES

A Collection of the Best Varieties 4 for only \$419 PPD.

This collection gives you:

- one of the best winter cooking apples
- a yellow early summer apple
- a very early-bearing fall apple
- one of the best eating apples

A3047K—JONATHAN. A winter apple. Has a world-wide reputation for being one of the very best. Ours is the deep red variety, good for cooking or eating. Keeps well.

A3105K—YELLOW TRANSPARENT. The yellow early summer apple. Excellent for both cooking and eating. Clear yellow, crisp and splendid flavor. Comes into bearing very early and is extremely hardy. One of the earliest ripening of all apples. Usually ready to pick by mid-July.

A3100K—WEALTHY. A fall apple that bears heavily. Ripens in September but is good two weeks before ripe. Indispensable in cold regions and valuable everywhere. Good for backyards and home orchards as tree never gets very large. Stores well.

A3016K—RED DELICIOUS. First choice of winter apples. The improved, early-coloring, big Red Delicious with crisp, fragrant flesh and fine flavor.

Increases in size and color as tree grows older. Always brings a premium on the market.

Fastest-Growing Tree in the U. S. A.!

Henry Field's HYBRID ELM

Often Grows 8 to 14 Feet Per Year

If you want shade in a hurry, yet want a tree that is hardy, long-lived and hard-wooded, Henry Field's Hybrid Elm is the tree for you. It grows faster than any other tree in the United States, bar none—even faster than the soft-wooded, short-lived poplar. It combines the permanence and beauty of the American Elm with the rapid growth of the Chinese Elm; has all the good points of both, but none of the bad.

Extra Hardy—Grows Anywhere

Henry Field's Hybrid Elm thrives in any type soil, and keeps right on growing in weather hot or cold, wet or dry. The leaves are large and dark green; the branches straight and strong, with great resistance to breakage from high winds, ice, and snow.

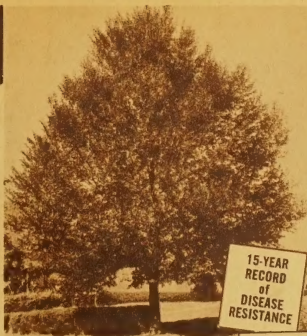

15-Year Record of Disease-Resistance

And apparently Henry Field's Hybrid Elm is immune to the serious elm diseases. We have sold several hundred thousand during the past fifteen years and, to date, know of not one case of loss from the elm diseases.

Approved by Park Commissions

Many City Park Commissions that have prohibited the planting of vulnerable common elms enthusiastically approve the planting of Henry Field's Hybrid Elm.

Note: Henry Field's Hybrid Elms grow so fast in our nursery rows that they get too big to ship by parcel post so we ship them by express, already pruned for planting. However, we are able to ship the potted hybrid elm by prepaid parcel post.

This unretouched photograph is typical of thousands of Henry Field Hybrid Elms now growing throughout the United States.

Susan was 3 when this Henry Field Hybrid Elm was planted. When she was 5, the tree was over 25 feet tall.

You've Read About These New Beauties—Now You Can Grow Them to Flood Your Garden with Vivid Color

- THOUSANDS OF FLOWERS ALL SUMMER LONG
- THRIVES IN SUN OR PARTIAL SHADE
- LIVE FOR YEARS—HARDY ANYWHERE

Lythrum long has been recognized as one of the very best, hardiest, and longest lived of all perennials. Now, with these three new varieties from the Morden Experiment Station and Manitoba in Canada, they also have sparkling color. They bloom profusely and continuously all summer long, right up until freezing time. The plants grow nicely upright to a height of three to four feet. They make a larger clump each year, yet do not spread by seed or stolon to become a pest.

We ship potted plants when danger of frost damage enroute is past.

B2126K—MORDEN ROSE. The flowers are a rich, deep rose, and the plants are beautifully shaped with clean, dark green leaves that turn bronzy-red in the fall. 75¢ each; 3 for 1.90, postpaid.

5 Different Colors—5 Different Types

We will pick out for you five of our finest Dahlias (each one worth 50c or more apiece), in five different colors, from these five types: Cactus, Show, Ball, Big Decorative, and Pompon.

This will give you a variety of sizes, shapes and kinds which you will find very useful in your garden, and as cut flowers.

P.S. If you want us to tag them individually for name and color, please send 10c extra.

3 CLIMBING ROSES each a different color for only **\$3.25** PPD. No. A2220XK

These three Climbing Roses would be hard to beat because they have great beauty of bloom, masses of color, and are among the hardest of the climbers.

A1079K—PROSPERITY. Has great clusters of pure white blooms on a strong, free-growing plant. Blooms first year planted, which is unusual for a climbing rose. 1.19 each; 3 for 3.39; 12 for 11.98, postpaid.

A1056K—BLAZE. The flowers of this fine climbing rose are the same brilliant red as Paul's Scarlet but everblooming. Blooms both in spring and fall. 1.25 each; 3 for 3.45, postpaid.

A2220XK— 1 each of all 3 for only 3.25, postpaid.

A1077K—PRIMROSE. Has clean, shiny leaves and immense double blossoms of primrose yellow. Very hardy—grows almost anywhere. 1.19 each; 3 for 3.39; 12 for 11.98, postpaid.

Field's Huge, Heavily-Ruffled Double PETUNIAS

With Flowers 3 to 4 Inches Across

For House Plants... Window Boxes... Porch Boxes... Potted House Plants... Edging for Walks and Flower Beds

POTTED PLANTS 49¢ each 3 for 1.19, ppp.

Your friends will marvel at the beauty and size of these new named varieties of Double Petunias. The flowers on all of them are 3 to 4 inches across, and heavily ruffled. Each flower is a blend of different shades of one color, accented by brighter veining.

The plants grow low and broad, rather than upright. They make wonderful house plants, and simply can not be beat for window boxes, porch boxes, edgings along the walk and in the flower garden. We planted a bed of each color in our trial grounds and they looked beautiful. Needless to say, we picked many bouquets. They do best in sunshine, but practically take care of themselves.

N1082K—NOCTURNE. Rich deep purple.

N1078K—CAPRICE. Fringed old rose.

N1078K—MINUET. Delicate lilac and white.

N1091K—SONATA. Purest white.

N1087K—RHAPSODY. A wine red.

N1075K—ALLEGRO. Soft pink and white.

all 6 for 2.29 N781XK—1 each of all 6 as pictured here for only 2.29, postpaid to your door.

4 ENTRANCE EVERGREENS

Here's How You Can
Save Up to \$20.00!

Have you put off planting entrance evergreens because they cost so much? Well, you don't need to delay any longer.

Balled and burlapped evergreens cost you \$5.00 to \$10.00 each. And then you usually pay someone to plant them. If you plant them yourself, they're back-breakingly heavy to handle, and you have to dig holes big enough to hide in.

Save yourself a lot of money, and

work. Buy these smaller evergreens, not balled and burlapped but with the roots packed in moss. They're easy to plant, and in a few years they are a big as anyone's.

50 Plants "AMOR RIVER" PRIVET HEDGING

The Ideal Trimmed Hedge

Amor River Privet is the most widely used, and most popular, of all trimmed hedges. Not only is it hardy and fast-growing, but the more it is trimmed, the more dense and beautiful it becomes. Its natural, untrimmed habit of growth is bushy, yet upright. The leaves are of a lustrous green color. Its early white flowers are followed by jet black berries.

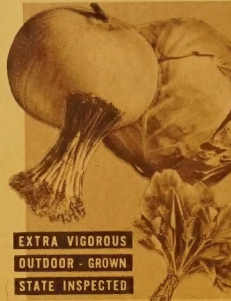

Plant it two or three feet apart for a tall, trimmed hedge or, with the same planting distance, it could be allowed to

Henry Field's Finest POTATO SEED SETS

You can grow more potatoes, and better potatoes, with these seed sets. First, they come from the finest basic seed stock in America. Next, each set has just the right amount of meat with the eye to insure best germination. Finally, the sets are treated to eliminate surface fungus and to protect them against soil-borne organisms, and to enable you to plant when the ground is still cold.

260K—WHITE COBBLER. The yardstick by which all potatoes are judged. A wonderful variety any way you look at it.

262K—RED PONTIAC. Most popular "red" potato. Early. Yields big. Shallow eyes. Cooks well.

269K—KENNEBEC. A new white with great promise. Yields well. Resistant to mosaic and blight. Smooth and widely adapted.

270K—RUSSET BURBANK. Similar to the famous Idaho potato. Good all around. Bakes beautifully. Worth a trial anywhere.

268K—REDKOTE. A new one that looks very good to us. Mid-season. Oval shape with shallow eyes. Cooks mealy and white. Has made tremendous yields in Iowa and Minnesota.

POSTPAID PRICES: Box of 100 sets, 1.89; 2 boxes (your choice, alike or different), 3.59; 3 boxes (your choice, alike or different), 5.00.

1 RED—1 YELLOW—1 WHITE

1 packet of each of these 3 different varieties:

PONDEROSA. The fruit is huge, very tender and meaty. Slices beautifully with few seeds. Vigorous grower.

GOLDEN SUNRAY. Highly productive. Has a mild but rich flavor. Makes delicious juice. By far the finest yellow tomato.

SNOWBALL. A big ivory-white tomato with flesh almost white. Has few seeds and practically no acid. Lots of folks who were unable to eat tomatoes before enjoy this one.

50 PLANTS for only \$1.29 PPD.
No. OG80XK 25 EARLIANA 25 RUTGERS

EARLIANA is one of the best of the early red tomatoes. Vigorous, spreading vines, bearing bright scarlet, medium-sized, nearly globe-shaped fruit in clusters. Fine quality meaty fruit.

RUTGERS has flesh that is firm and of fine quality. Does not have a hard core, and is outstanding for its uniform, deep red coloring. Excellent for canning.

America's Most Exotic House Plant

"BIRD OF PARADISE"

SENSATIONAL NEW GLAD

BG232K — "GREEN LIGHT". This is a most unusual color for a Glad—a yellowish-green—almost chartreuse. Shines brilliantly under artificial lights. The flowers are medium in size, and the plant blooms early to mid-season. For maximum depth of delightful color, cut the spikes when the buds are just beginning to show color, then let them open indoors. **35c each; 3 for 1.00, postpaid.** P.S. Supply limited, so orders will be filled on first-come, first-served basis.

N1127K — The blossoms of "Bird of Paradise" (Screletzia regina) are gorgeous flowers 3 to 5 inches long with an unusual shape and striking colors of red, yellow, blue and orange. It looks like an exotic, tropical bird of paradise. The plant gets about two or three feet tall, and continues to make a wider clump. It usually begins to bloom when it has nine or more leaves, and a

mature plant has 25 to 30 flowers at one time.

The cut flowers last two to three weeks. Florists prize the blossoms, sell them retail at from \$15.00 to \$25.00 per dozen. Yet this beautiful plant is easy to grow, and lives for many years, constantly increasing in size and beauty. It is sun-loving, but does well in partial shade. A tiny amount of plant fertilizer every two or three weeks is helpful. **2.50 each, or 3 for 6.50, postpaid.**

3 GREAT BUYS IN

GLADS

Big Bulbs—Guaranteed To Bloom Beautifully The First Year

25 SUPER GLADS for only **\$1.00** PPD. No. BG580XK

Above is an actual photograph of the Gladiolus bulbs offered at 25 for \$1.00. Please notice that the bulbs measure 1" to 1½" across (about 4" in circumference). These bulbs will bloom the first year, and for many years thereafter.

Or 75 for only \$2.00 PPD.

Every color of the rainbow—red, pink, white, lavender, blue, orange . . . plus smokies and combinations. Some are one color solid, and some are blotched. And every bulb is clean, vigorous, and of first class quality. They have been State Inspected, too.

These are all named varieties of choice gladiolus of plain and ruffled petals. Enjoy the glorious beauty of glads in your

garden, and in your home. Remember, they are one of the very best cut flowers, they are easy to arrange, and the flowers last a long time. Plant some bulbs each week for several consecutive weeks and they will bloom accordingly, giving you fresh flowers over a longer period. And you will find gladiolus one of the easiest of all flowers to grow.

We priced these glad bulbs low to make new friends, so don't miss this very worthwhile offer.

40 GLAD BULBS for only **\$1.00** PPD. Each Bulb ¾" to 1" Diameter No. BG575XK

These are not the real large size bulbs, but neither are they the small bulletlets so often offered as a "bargain". These bulbs are ¾" to 1" in diameter—a size large enough to bloom the first year planted. They have been State Inspected, which

means that they are clean, healthy, vigorous bulbs. This is an assortment of the world's finest gladiolus varieties—a rainbow of colors in plain and ruffled petalled kinds, at a money-saving price.

80 "Row Run" GLADS for only **\$1.00** PPD. BARGAIN IN MIXED SIZES No. BG574XK

We call these "Row Run" because the bulbs are of various sizes, just as they come from the field—big ones, regular-sized ones, medium-sized ones, and small ones.

But no bulletlets, no culls. Every bulb is a clean, healthy, vigorous one that will bloom the first year. So, if you will take them "row run", and save us the expense of grading, we'll give you a super-bargain price.

4 GARDEN - BLOOMING CARNATIONS

Hardy . . . Delightfully Fragrant

If you like carnations, you don't have to limit yourself to an occasional few from the greenhouse. You can grow these hardy carnations outdoors in your own garden. They are very

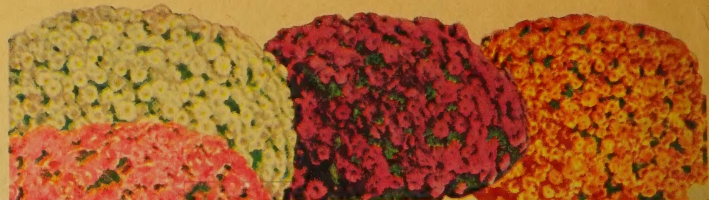

similar to the greenhouse varieties, and have just as much fragrance.

They will bloom all summer in your garden with very little care and, since the stems often are 20" long, they make you wonderful cut flowers too.
